

Posti's Annual Report and Sustainability Report 2016

22-03-2017

Posti's combined Annual Report and Sustainability Report has been published, including the key events of 2016 as well as key sustainability indicators.

The year 2016 was an eventful year for Posti in many ways. Volumes of traditional letters kept declining, but because of the growing e-commerce parcel volumes grew. During the year, we expanded our operations into food logistics, introduced new home services and made several acquisitions. Renewed Postal

Act entered into force in June, says **Hanna Kauko**, Head of Communications at Posti.

Posti's Corporate Governance Statement has been published together with the consolidated financial statements on 8 March 2017.
