

2020 Canada Post E-commerce Innovation Awards cancelled

01-06-2020

As a result of COVID-19, the 2020 Canada Post E-commerce Innovation Awards are cancelled.

The Canada Post E-commerce Innovation Awards bring together hundreds of award nominees, sponsors, judges and supporters, as well as many staff members at the Awards venue. As a result, Canada Post can't be certain of everyone's safety.

For that reason, the company made the difficult decision to cancel the awards this year. Canada Post will continue to champion businesses large and small, and the Awards will return in 2021.
