

## Largest Posti Parcel Locker in Finland opened

26-10-2018

On October 22, the Posti outlet on Vapaudenkatu in Jyväskylä opened the largest parcel locker in Finland with 387 lockers for delivery items. Parcels can now be conveniently picked up directly from the parcel locker instead of the service desk. The parcel locker is available to customers every day from 7 am. to 10 p.m. Four other Posti outlets will also receive parcel lockers in November.

“The parcel locker is the most popular way to pick up items, as it can be done in just seconds. The service desk will also be able to serve customers more quickly when most of the pickups can be done via the parcel lockers. The employees will have time to instruct customers in using Posti’s new services, such as the OmaPosti application,” explains **Lasse Huttunen**, Director of Retail Network at Posti.

Jyväskylä’s renovated Posti outlet has a new look and comfortable facilities. There are digital displays to guide customers and tablet computers that offer digital services. Cards, stamps and packing materials are all available for purchase at Posti. There are post office boxes and a roller track for business customers, allowing pre-paid items and contract customer items to be left for delivery

quickly and without queuing.

### More parcel lockers in Posti’s outlets

Posti is getting ready for the holiday season and preparing for record-breaking parcel volumes. In addition to the Posti outlet in Jyväskylä, four other Posti shops will receive their own parcel lockers in November. This allows customers to pick up their items quickly and directly from the parcel locker.

Parcel lockers will be opened in Posti’s own outlets in November at following locations:  
Posti, Saksalankatu 4, 15100 Lahti  
Posti, Eerikinkatu 19, 20100 Turku  
Posti, Tullikatu 633100 Tampere  
Posti, Koskikatu 27, 96100 Rovaniemi

In addition, the Parcel lockers in Herttoniemi, Helsinki and Tikkurila, Vantaa will be expanded. Parcel lockers can also be found in the Annankatu outlet in Helsinki and the Tapiola outlet in Espoo.

Posti has a total of more than 1,700 service points. Find all Posti outlets on the map: [posti.fi/postit](https://posti.fi/postit)
